Community Use of Public Facilities

MISSION STATEMENT

The mission of the Office of Community Use of Public Facilities (CUPF) is to maximize the community's use of schools and other public facilities and to identify and facilitate activities and programs that respond to the community's needs without disrupting the instructional program of the Montgomery County Public Schools.

BUDGET OVERVIEW

The total recommended FY05 Operating Budget for the Office of Community Use of Public Facilities is \$6,324,210, an increase of \$95,600 or 1.5 percent from the FY04 Approved Budget of \$6,228,610. Personnel Costs comprise 29.2 percent of the budget for 25 full-time positions and two part-time positions for 26.0 workyears. Operating Expenses account for the remaining 70.8 percent of the FY05 budget.

PROGRAM CONTACTS

Contact Sharon Gran of the Office of Community Use of Public Facilities at 240.777.2713 or Charles Goldsmith of the Office of Management and Budget at 240.777.2779 for more information regarding this department's operating budget.

PROGRAM DESCRIPTIONS

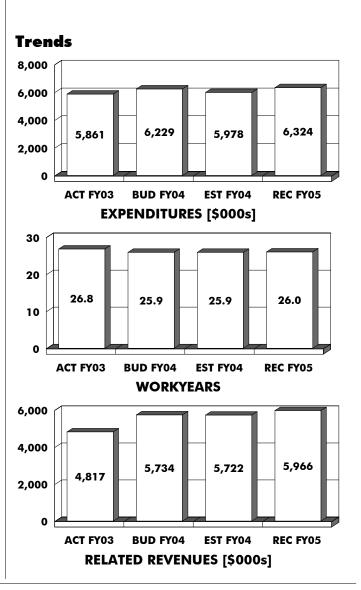

Community Access to Public Space

This program provides community organizations and public agencies with access to public schools and government facilities for community services, programs, and events. Services performed by staff in support of this function include: user education training; centralized scheduling of schools, libraries, and County government meeting rooms; managing on-line customer facility requests; administering connectivity to the facility database for school and County staff; information and referral; and problem and conflict resolution. Working with MCPS staff, PTAs, and community-based committees in the implementation and review of facility use policies and procedures is an integral component of this program.

FY05 Recommended Changes

	Expenditures	WYs
FY04 Approved	5,451,990	23.0
Increase Cost: Reimbursement to MCPS for s services	staff 91,370	0.0

Decrease Cost: Building attendant services	-10,000	0.0
Decrease Cost: Professional services for technical consulting	-5,000	0.0
space child care providers	-4,500	0.0

Administration

This program provides general management and staff support to the Interagency Coordinating Board, which is CUFP's policy-making authority, and its Citizens' Advisory Committee. Administration for community use operations is provided by this program, including financial processes and budgeting for the Community Use Enterprise Fund.

Assumptions:

- 1. Fee revenue increases based on the assumed rate of activity growth shown in table.
- 2. The table reflects, for purposes of analysis only, a general rate increase of 3% in FY06 and FY08. The ICB must review and approve any actual increases.
- 3. Change in interfund transfers reflects the election cycle and receipts from the General Fund to offset cost of free use.
- 4. Labor contract with the Municipal and County Government Employees Organization expires at the end of FY07.

Notes:

- 1. Fund balance is calculated on a cash basis.
- 2. Fees and activity levels are adjusted to fund the approved service program and maintain an ending fund balance target of approximately 10% of resources.
- 3. The FY05-10 projections are based on the County Executive's Recommended Budget and include the revenue and resource assumptions of that budget. FY06-10 expenditures are based on the "major known commitments" of elected officials and include negotiated labor agreements, the fiscal impact of approved legislation, and other programmatic commitments. They do not include inflation or unapproved service improvements. The projected future expenditures, revenues, and fund balances may vary based on changes to fees, usage, inflation, future labor agreements, and other factors not assumed here.

COMMUNITY USE OF PUBLIC FACILITIES

PROGRAM:

Community Access to Public Space

PROGRAM ELEMENT:

Centralized Scheduling of Indoor School Space^a

PROGRAM MISSION:

To provide residents and community groups with easy access to school facilities at affordable rates; to ensure equitable allocation and use of school facilities; and to consolidate uses in facilities to reduce security monitoring and promote energy efficiencies

COMMUNITY OUTCOMES SUPPORTED:

- Affordable public space for the community to pursue leisure, religious, cultural, and academic activities
- Maximum access to school facilities for public use
- Diverse and fulfilling leisure activities
- · Efficient use of public resources

Notes:

^eWorkyears and personnel expenditures involve direct scheduling staff only; personnel expenditures also include indirect costs (charged at a rate of 14.32% in FY05) paid to the General Fund. "Other program/staff costs" include expenditures for conflict and problem resolution handled by the Program Manager and the Director, as well as the cost of financial, computer, and other administrative support to this program.

EXPLANATION:

Community use of the County's public schools continues to increase, especially weekdays before 6 p.m. Beginning in FY02, all indoor use has been centrally scheduled, with the exception of weekday use at high schools. Three high schools are now included in the centralized scheduling program, and several more may be added during FY04-05.

In FY04, room rental rates increased for the first time in more than 10 years. The hours of use are not expected to be impacted by this fee increase.

PROGRAM PARTNERS IN SUPPORT OF OUTCOMES: Montgomery County Public Schools.

MAJOR RELATED PLANS AND GUIDELINES: Chapter 44, Montgomery County Code; Interagency Coordinating Board resolutions and policies; Guidelines for Community Use of Public Facilities.

^aAll elementary and middle schools and three high schools are centrally scheduled at all times, and the remaining high schools are centrally scheduled on weekends only.

This data is collected through a voluntary survey for which there was a very small sample in FY03.

^cThere is no direct correlation between number of bookings, degree of complexity (special accommodations), and extent of use (scheduled hours).

^dA fee increase was implemented in FY04 to ensure cost recovery for this program. The percentage of cost recovery is based only on the total program expenditures for centralized scheduling of schools shown under "Inputs" and excludes other functions handled by the office such as scheduling for libraries, Regional Services Centers, County government meeting rooms, and school fields; administrative support to the Interagency Coordinating Board; and afterschool services prior to FY05.
